09 LC 94 0619

Senate Resolution 283

By: Senator Johnson of the 1st

## A RESOLUTION

- 1 Recognizing Mr. Bill Li, Carbon Motors Corporation, and the Carbon E-7; and for other
- 2 purposes.
- 3 WHEREAS, Carbon Motors Corporation is composed of automotive executives who have
- 4 spent decades designing, developing, and manufacturing vehicles for major car companies;
- 5 and
- 6 WHEREAS, Carbon Motor's president, Mr. Bill Li, found it unacceptable that police forces
- 7 did not drive job-specific vehicles as do firefighters and paramedics, and he had a passion
- 8 to design a police vehicle specifically tailored to the needs of officers; and
- 9 WHEREAS, knowing that in order to create the perfect police vehicle they would need input
- and advice from police officers, Carbon Motors created the Carbon Council, a think tank
- with input from more than 400 large and small law enforcement agencies; and
- 12 WHEREAS, with low operating costs and better efficiency in the forefront of their design,
- 13 Carbon Motors created the E-7 with an aluminum space frame designed to withstand rear
- 14 impacts of 75 miles per hour; and
- WHEREAS, compared to the standard passenger vehicle used by most law enforcement
- agencies, the Crown Victoria, the E-7 has a longer wheel base, a shorter vehicle frame, and
- weighs less, allowing for easier and safer maneuverability; and
- 18 WHEREAS, the E-7 will meet or exceed all federally mandated safety and operational
- 19 regulations, providing the highest level of protection, performance, and safety for men and
- 20 women working to ensure the safety of the American public; and
- 21 WHEREAS, not only is the E-7 designed to be law enforcement user friendly, it implements
- 22 green technology with clean diesel engines capable of operating on biodiesel which will

09 LC 94 0619

23 make great strides in reducing harmful emissions, increasing fuel efficiency by up to 40

- 24 percent, decreasing taxpayer spending, and protecting the environment; and
- 25 WHEREAS, the E-7 is equipped with state of the art technology inside the car to assist
- 26 officers with regular tasks such as license plate recognition, transport features, and fully
- 27 integrated video and radar, and comes with an additional 70 customizable features; and
- 28 WHEREAS, the slick and high-tech interior of the E-7 was designed in collaboration with
- 29 Georgia Tech's School of Engineering and the Savannah College of Art and Design; and
- 30 WHEREAS, Carbon Motors has further demonstrated their commitment to the environment
- 31 by offering to help agencies recycle or refurbish their current vehicles that are no longer
- 32 serviceable for police work; and
- 33 WHEREAS, scheduled to hit the streets in 2012, the E-7 will provide law enforcement with
- 34 a reliable, durable, affordable, high-performance patrol vehicle designed by law enforcement,
- 35 for law enforcement.
- 36 NOW, THEREFORE, BE IT RESOLVED BY THE SENATE that the members of this body
- 37 commend the Carbon Motor Corporation for creating the innovative and ground breaking E-7
- 38 law enforcement vehicle.
- 39 BE IT FURTHER RESOLVED that the Secretary of the Senate is authorized and directed
- 40 to transmit an appropriate copy of this resolution to Carbon Motor Corporation president, Mr.
- 41 Bill Li.
